

Closed Meeting Investigations

Why are some meetings closed to the public?

Municipal councils, local boards and their committees must meet behind closed doors on occasion to deal with some matters. For example, if a municipality is being sued or if Council is considering purchasing a piece of land or if Council must deal with a labour relations issue then it is appropriate that it be able to do so at a closed meeting. The purpose of such a closed meeting is to receive information or give direction.

Local government in Ontario must be transparent and accountable. To this end, the Province has set the rules for a council, local board or a committee to go into a closed meeting. These rules are found in section 239 of the Municipal Act 2001, as amended. They must be strictly followed.

The permitted reasons for going into closed meeting are:

- The security of property of the municipality or local board;
- Personal matters about an identifiable individual, including employees;
- A proposed or pending acquisition or disposition of land;
- Labour relations or employee negotiations;
- Litigation or potential litigation
- Advice that is subject to solicitor- client privilege;
- A matter authorized by another provincial statute;
- If the subject matter relates to a request under the Municipal Freedom of Information and Protection of Privacy Act;
- The meeting is held for education and training and no member discusses or deals with a matter in a way that materially advances the business decision- making of the council or local board.

Background

Since January 1, 2008 any person or corporation will be able to request that an investigation be undertaken respecting whether a municipality or local board, or a committee of either, have complied with closed meeting rules outlined in the Municipal Act, 2001 or the applicable procedural by-law.

Through Local Authority Services Ltd., the Town of Parry Sound has engaged the services of Amberley Gavel Ltd. as the Municipal Closed Meeting Investigator and has authorized it to conduct investigations upon receipt of a complaint in respect of meeting or parts of meetings that are closed to the public. The Investigator will determine compliance with the Act or the applicable procedural by-law with respect to closed meetings and will report on the results of such investigations.

Please note that Section 238 (1) of the Municipal Act defines “committee” to be “any advisory or other committee, subcommittee or other entity of which at least 50% of the members are also members of one or more councils or local boards”. The impact of this is that the status of a committee, and therefore the applicability of Section 239.1 and 239.2, may change with the membership on that committee.

In the Town of Parry Sound, the meetings of the bodies to which this legislation applies are Council, Committees of Council, Emergency Services Advisory Committee, Fence Viewing Committee, Property Standards Committee, Provincial Offences Act Advisory Committee, Parry Sound Area Planning Board, Parry Sound Area Municipal Airport Commission and the Industrial Park Board.
