

TOWN OF PARRY SOUND  
BOBBY ORR COMMUNITY CENTRE  
COVID-19 Ice Surface Protocol

The health and safety of our customers and employees is our number one priority. When the Bobby Orr Community Centre opens, it will be operating under several strict safety precautions and with limited services under the Ontario Regulation 364/20, under the Reopening Ontario (A flexible Response to COVID-19), Act, 2020.

The following protocols have been developed to reduce the risk of transmission of COVID-19 among our customers and employees. The municipality has been working closely with the Ontario Hockey Federation, Hockey Canada, Ontario Recreation Facilities Association and the North Bay – Parry Sound District Health Unit to implement best practices and return to play guidelines to ensure the safety of all in our facility.

There are a few things that will be done differently, with COVID-19 safety protocols in place, and we would like all facility customers to be aware of these prior to your first visit back to the BOCC. Please become familiar with these protocols prior to your first visit. It is essential that customers take these policies and precautions seriously to support a safe and healthy experience for everyone.
