

Guidelines for Fires in Open Air

In order to protect the citizens of Parry Sound and their property from potential fire hazards, a Burning Control By-law exists within the Town of Parry Sound. This guideline is strictly designed for educational purposes and for accurate inquiries the

By-law itself should be referred to.

A Ministry of Natural Resources declared restricted fire zone has ultimate jurisdiction and must be adhered to at all times. Open air fire including those set for warmth or cooking are not permitted during a restricted fire zone.

The Ministry of Natural Resources no longer issues fire permits for small scale residential burning.

Open Air Burning

- Burning of wood or discarded wood products will be permitted under a permit, except in the Absolute Prohibition Area (Downtown - Central Business District).
- Incinerators will NOT be allowed except with permission from the Fire Chief or designate. A fee of \$50.00 will be charged for an incinerator permit.
- Camp/Recreational Fires will be permitted except in the Absolute Prohibition Area (Downtown - Central Business District)
- ULC Approved portable gas stoves or charcoal appliances for the purpose of cooking or obtaining warmth is allowed in all areas.
- Burning of grass, leaves and brush is NOT allowed.

Absolute Prohibition

A fire in open air is not permitted in areas of the Town of Parry Sound identified in the Absolute Prohibition Area described below.

Absolute Prohibition Area Downtown - Central Business District

No person shall start a fire either in open air or in a yard incinerator in the Central Business District of the Town of Parry Sound as defined by the Town of Parry Sound Official Plan.

Church Street East Side Lots 3 to 25

William Street Lots 2 to 25

Fires in Other Areas

Fires are permitted in all other areas of the Town provided the following burn regulations are adhered to:

No Person Shall Set a Fire in Open Air or Permit a Fire to Burn:

1. Using materials other than Class A combustibles (wood or discarded wood by-products). Burning of materials such as rubber tires, paint, asphalt shingles, chemical wastes, synthetic or man-made materials is permitted.
2. On any travelled portion of any common or public highway.

3. On any asphalt surface.
4. In any park owned or operated by the Municipality without written permission of the Municipality.
5. Within 8 meters (26') of any building, structure, hedge, fence, vehicular roadway of any kind, nature or overhead wires.
6. Within 8 meters (26') of any property line.
7. Unless constantly attended by a responsible person until the fire is out.
8. Without having apparatus, equipment and responsible personnel (18 years of age) and a supply of water ready, sufficient to control the fire.
9. Under conditions whereby the wind may carry or expand the fire to another part of the lot on which the fire is located or to another lot.
10. In such a manner and condition that the smoke there from impairs the vision on highways or roadways.
11. Under conditions whereby any odour or smoke may cause inconvenience, irritation, or discomfort to others.
12. Which includes an outdoor fireplace in a yard after 8:00pm in the evenings or before 7:00am in the morning.
13. Unless placed in a single pile less than 2 meters in diameter and less than 2 meters high. Notwithstanding the generality of this cause, the Chief Fire Official or his delegate may upon application extend the size of the pile to be burned.
14. Within 2 meters of flammable material.
15. Within 5 meters of a forest or woodland

Grass Fires

No person shall set a fire outdoors for the purpose of burning grass.

Leaf Fires

No person shall set a fire for the purpose of burning leaves.

Brush

No person shall set a fire outdoors for the purpose of burning brush.

Camp/Recreational Fires

Campfires are permitted in all areas EXCEPT in the Absolute Prohibition Area

No person shall have a fire outdoors for the purpose of a Camp/Recreational Fire unless:

1. The fire is not greater than 75cm (30 ") in diameter by 90cm (36") in height.
2. The fire is at least 1 meter from any flammable material.
3. The fire is at least 3 meters from overhanging vegetation, forest, or woodland.
4. The fire is at least 8 meters from any building or structure.

I. Upon the fire department being dispatched to extinguish an illegal fire a service will be levied.

II. The By-law does not exempt any person from their responsibility involving the impact of smoke on the surrounding air quality. Check with the Ministry of the Environment and Energy for more details.

Fire Rating Definitions

Low

Day time burning allowed - **Permit Required**
