

WAYS TO REDUCE WASTE!

Instead of sending old or unused items to our landfills, why not donate or sell them? Some great places to make donations to are: family & friends, thrift stores, churches and second hand stores. You can sell them by hosting a yard sale, online through different buy & sell websites, buy & sell groups on Facebook or advertise in newspapers or other publications.

Try the same idea when buying new items. Gently used may be the way to go!

Reduce the amount of food you throw away by freezing leftovers, or what you won't be eating right away. Donate that can of food in your cupboard that you decided just wasn't for you to a local food bank... And make sure to use your older products before any new products you've just purchased.

E-Waste Depot

Curbside Recycling

***All waste is to be at the curb by 7:00 a.m. weekly
All containers must be washed and free of food***

There is no guarantee your waste will be collected at the same time each week. The contractor often has to change routes due to construction, weather, or road issues. All waste must be out by the specified time to ensure it will be picked up.

BAGGED WASTE

- Place at curb every week
- Limits in the Town of Parry Sound are as follows:
 - 2 bags per single detached household
 - 5 bags per business
 - 1 bag per apartment unit/rooming house unit
- Small bags containing waste (white kitchen or grocery bags) should be disposed of in a household sized garbage bag
- Bags/containers are not to exceed a weight of 22.5 kgs (50lbs)
- Bag dimensions are not to exceed 76 cm (30in) x 94 cm (37in).
 - Bags usually fit a 20—30 gallon can
- [NOTE: Clear bag policy maybe implemented in the future.](#)

RECYCLABLES

- Place at curb next to bagged waste on your collection day
- Alternate weeks for fiber and containers. Check the calendar for the correct week
- Place at curb when full (weight is at the contractor's discretion)
- Commercial cardboard will not be picked up, but is accepted at the Transfer Station during normal operating hours until 2:00 p.m.

**Businesses and residents that are in the Downtown Business Association District must have their waste out in front of their business/ residence no later than 8:30 a.m.*

Winter Curbside Collection Do's & Don'ts

- DO place your garbage & recycling containers on a cleared & flat area.
- DO remember that the truck comes from Bracebridge and may run late on snowy days (on rare occasions we may have to reschedule).
- DON'T place your garbage & recycling containers on top of snowbanks, it will NOT be picked up.
- DON'T place your garbage & recycling containers in the path of our snowplow and/or sidewalk plow.

If you have a large quantity and require more tags, you can purchase extra tags at the transfer station when you arrive. The machine accepts coins only.

MacFarlane Street Transfer Station

Located at 57 MacFarlane St.

The MacFarlane Street Transfer Station is under video surveillance. If the transfer station is closed, do not leave your waste at the gate as illegal dumping is prohibited and subject to a monetary fine.

Please note there will be zero tolerance for inappropriate behavior toward the staff of the Town of Parry Sound. Should we experience the use of foul language, rudeness, argumentativeness, or harassment, you will be asked to leave by a staff member. Should you not comply, you will be removed by the police.

To ensure social distancing and the safety of visitors and staff, please proceed to the gate one vehicle at a time. Please follow all directions given by the attendant. To view Transfer Station hours online, please refer to our website www.parrysound.ca. **Other online sources are not guaranteed to be accurate.**

Reasons Why Your Waste May Have Been Left Behind

Recycling

- Wrong week — The Town of Parry Sound has a two-stream system that alternates weeks for fibers and containers. The calendar above indicates which container to put out each week. **Green = Fiber week, Blue = Container week.**
- Contaminated — there are items in your recycling box that are not recyclable or your box contains both containers & fibers.
- Cardboard has not been broken down.

Garbage

- Over the limit of bags/containers.
- Bag/container is too heavy or too large.
- It has been placed too far from the curb or on top of a snowbank.
- It is not visible (hidden behind a snow bank or parked vehicle).

The most common reason waste is left behind is because it is not out at the curb on time.
