

Operating Guidelines

Section: Apparatus & Equipment

Subject: Ladders

Number: 401

Date Issued: August 3, 2010

Date Revised: October 3, 2017

Guidelines

401.1

Safety Procedure:

- a) Wear full protective clothing and equipment.
- b) Work in teams.
- c) Caution around electrical lines.
- d) Caution when moving ladder.
- e) Be sure of stability of the roof.

401.2

Carrying and Setting Up Procedures:

- a) Ensure sufficient personnel are available for moving the ladder safely.
- b) Ensure the ladder is properly angled and anchored for safe use.
- c) Ensure 3 rungs extend beyond the roof.
- d) Do not overload the ladder (**minimum 10'/person**).
