

NOTICE OF WATER SERVICE INTERRUPTION

We are writing to advise that water service to your home will be interrupted on Thursday, August 21, 2025 (weather dependent), between 8:00 a.m. and 6:00 p.m. The interruption is required to facilitate construction of the new water main on Ethel Street. Please find attached the interruption map highlighting the residents affected by the service disruption.

We advise you to turn off your main water shut-off located on your incoming water line (usually next to the water meter) inside your home.

The work may disturb accumulated rust in the existing water main which could result in discoloration of the water. It is recommended that all residents check their water for rust prior to use as discoloration of laundry, etc. could occur.

For additional details regarding the service outage map and real-time updates throughout the day, please refer to the Town of Parry Sound's official website at www.parrysound.ca

Should you have any questions or concerns, please contact one of the following:

Michael Hunter, C. Tech.
Technologist – Project Manager
Tatham Engineering Ltd.
