Section: Incident Command

Subject: Accountability

Number: 802

Date Issued: August 3, 2010

Date Revised: October 3, 2017

Guidelines

802.1

All Firefighters upon arrival at a scene shall report to Incident Command to “tag in” and receive assignment.

802.2

Command should assign remote specialized tasks. (i.e. tanker fill site) to units prior to arrival. Firefighters assigned to a remote site shall account for themselves at that location through the Sector leader assigned to that location.

802.3

Mutual Aid Departments shall establish their accountability with Incident Command for integrated tracking.
